著者:Malamud Smith, Janna

出版者:Mariner Books

出版时间:2007-5

装帧:平装

isbn:9780618872633

Bernard Malamud-a Pulitzer Prize-winning author, peer of Philip Roth and Saul Bellow, and a great influence on some of todays most accomplished young writers-was a very private man. Malamuds daughter brings the revered author to vivid life. Culling from her own memories as well as her fathers personal papers, including intimate letters and journals, she offers a unique insight into the man and his work. Enhancing our understanding of the relationship between an authors life and art in the spirit of Dream Catcher-Margaret Salingers memoir of life with her reclusive father-this New York Times Editors Choice is an indispensable companion for readers of Bernard Malamuds fiction.
