Nationally syndicated talk-radio host and noted film critic Michael Medved has taken an extraordinary journey from liberal activist to outspoken conservative. Along the way he has earned millions of admirers—and more than his share of enemies—with his disarming wit and slashing arguments on issues of pop culture and politics.

In the candid, illuminating *Right Turns*, Medved chronicles the lessons and adventures that changed him from a Vietnam protest leader to an optimistic promoter of American patriotism, from secularism to religion, from adventurous single guy to doting husband and father. He skewers leftist orthodoxy, revealing why the Right is right and why his former colleagues on the Left remain hopelessly wrong on every cultural, political, and social issue.
