Sensual, spiritual, and evocative, Jim Warren's art ranges from dreamy images of wild horses leaping to representations of fiery goddesses rising from exploding volcanoes. He not only illustrated book covers, but won a Grammy for Best Album Package for

Bob Seger's "Against the Wind." "Many of his covers exhibit an impish humor that is most engaging. A painting of Hitchcock concealing a puckish yawn as birds fly out of his exploding skull is almost worth the price of the book."--"SFRA Review."
