During a time of accelerating momentum for radical change in the study of economics, "A Guide to What's Wrong with Economics" comprehensively re-examines the shortcomings of neoclassical economics and considers a number of alternative formulations. In it, a distinguished list of non-neoclassical economists provide a study of some of the many worldly and logical gaps in neoclassical economics, its hidden ideological agendas, disregard for the environment, habitual misuse of mathematics and statistics, inability to address the major issues of economic globalization, its ethical cynicism concerning poverty, racism and sexism and its misrepresentation of economic history. In clear and engaging prose, "A Guide to What's Wrong with Economics" shows how interesting, relevant and exciting economics can be when it is pursued not as a defence of an antiquated and close-minded system of belief, but as a no-holds-barred inquiry looking for real-world truths.

其实这些非主流经济学家在乎的不是主流经济学是对是错，而是他们自己不是主流。在了解了一些非主流经济学和非主流经济学家后，我的印象是这些人如果放在相似的位置上，排除异己起来只会更卖力。
