The Plan offers a bold vision of what America can be. It shows the way for both parties to move beyond the old political arguments and make progress for the American people. And it offers an innovative agenda for America – with ideas that address the nation’s most pressing challenges by doing more for Americans and asking Americans to do more for their country in return. Each of these ideas offers a clean break with the status quo, yet all are positive, practical, and can be put into action right away. Built on the authors’ firm beliefs that politicians owe the people real answers, that citizenship is a responsibility, not an entitlement program, and that the Democratic Party succeeds when America succeeds, the highly anticipated Plan delivers, challenges, and inspires.
