出版者:Routledge

出版时间:2008-3

装帧:HRD

isbn:9780415381284

The World Bank is one of the most important and least understood major international institutions. This book provides a concise, accessible and comprehensive overview of the World Bank's history, development, structure, functionality and activities. These themes are illustrated with a wide variety of case studies drawn from the Bank's international activities. Also discussed are the controversial challenges that the Bank now faces in the light of the criticism from campaigners and NGOs.
