isbn:9780132193702

For undergraduate-level courses in Field Operations, Police Patrol Procedures, and Basic Police Operations. Serving as the standard text for twenty-first century policing, this practical introduction to police field operations is written from the perspective of a

working police officer and presents the real-life scenarios an officer is likely to encounter while on-duty. Focused on community policing throughout, it details how and why certain procedures are used, and provides instructional techniques from leading police academies around the country.
