"This is the untold story behind the horror stories and the headlines. Everyone who cares about children should read this eye-opening, powerfully argued book."--Katha Pollitt, The Nation . Shattered Bonds is a stirring account of a worsening American social crisis--the disproportionate representation of black children in the U.S. foster care system and its effects on black communities and the country as a whole. Tying the origins and impact of this disparity to racial injustice, Dorothy Roberts contends that child-welfare policy reflects a political choice to address startling rates of black child poverty by punishing parents instead of tackling poverty's societal roots. Using conversations with mothers battling the Chicago child-welfare system for custody of their children, along with national data, Roberts levels a powerful indictment of racial disparities in foster care and tells a moving story of the women and children who earn our respect in their fight to keep their families intact.
