Did the U.S. really "win" the Cold War? Is the fall of Communism only a temporary setback for Marxism, or has the freemarket prevailed, once and for all? It has been over ten years since the fall of the Berlin Wall and the tenth anniversary of the fall of the Soviet Union is fast approaching. In this text, Marxist scholars and journalists gather to argue that justice and equality are important in the 21st century, more so than ever.
