isbn:9781566632133

In Machiavelli in 90 Minutes, Paul Strathern offers a concise, expert account of Machiavelli's life and ideas, and explains their influence on man's struggle to understand his existence in the world. The book also includes selections from Machiavelli's writings; a brief list of suggested reading for those who wish to push further; and chronologies that place Machiavelli within his own age and in the broader scheme of philosophy.
