Joey O Shay is not the real name of the narcotics agent in an unnamed city in the center of the country. But Joey O Shay exists. The nearly three hundred drug busts he has orchestrated over more than two decades are real, too; if the drug war were a declared war, O Shay would have a Silver Star. With nerves and mastery worthy of his subject, Charles Bowden follows O Shay as he sets in motion his latest conquest, a \$50 million heroin deal that originates in Colombia and has federal agents sitting at attention from Los Angeles to Washington, D.C., to New York City. As it unfolds, O Shay reveals the unerring instinct and ceaseless vigilance that have led him through minefields and brought down kingpins. But now they have led him to a place where it isn't so clear who the heroes are or what the fight has been for. And still the warrior fights on, in a murky and unforgiving landscape readers will not be able to forget.
