Among politicians of national stature today, there is perhaps none more respected as a principled conservative than Senator Rick Santorum (R-PA). In *It Takes a Family: Conservatism and the Common Good*, his first book, Santorum articulates the humane vision that he believes must inform public policy if it is to be effective and just. An appreciation for the civic bonds that unite a community lies at the heart of genuine conservatism. Moreover, Senator Santorum demonstrates how such an approach to political, social, and economic problems offers the most promise for those on the margin of life: the poor, the vulnerable, and minorities who have often been excluded from opportunity in America. Santorum argues that conservative statesmanship is animated by a sense of stewardship for an inheritance. But what do we inherit as Americans? And how can we be good stewards of that inheritance? Building on Robert Putnam's discussion of "social capital," the habits of association and trust that are the preconditions of any decent society, Santorum assesses how well, in the past generation, Americans have cared for the "fabric" of society. He explores in detail various dimensions of social and cultural connection that are the foundation of the common good. And he presents innovative policy proposals for the renewal of American society at all levels. Throughout his book, Santorum emphasizes the central role of the family--in contradistinction to the metaphorical "village" of the federal government, as promoted by Senator Hillary Rodham Clinton--in achieving the common good. With a sustained argument touching on first principles throughout, this ambitious and original book is a major contribution to contemporary political debate. *It Takes a Family* will further establish Senator Santorum as the leader of reform-minded civic conservatives in America.

Review

I am amazed at the depth and breadth of information, wisdom, and sensitivity. -- Dr. Laura C. Schlessinger Internationally Syndicated Radio Talk Host, Author of *The Proper Care and Feeding of Husbands*

In his book, Rick Santorum combines theory, principle, and practice. . . . -- The Hon. Stephen Goldsmith, former Mayor of Indianapolis, Indiana

Senator Santorum is one of the stalwart defenders of human life and the pro-family cause. . . . -- James C. Dobson, Founder and Chairman, Focus on the Family

Senator Santorum leads the way among elected officials in understanding and appreciating the importance of the family. -- Jennifer Roback Morse, author of *101 Tips for a Happier Marriage*

[A] reaffirmation of the moral, spiritual, and ethical characteristics that have blessed America since its founding. -- Jack Templeton, President, John Templeton Foundation
