The Oxford Handbooks of Political Science is a ten-volume set of reference books offering authoritative and engaging critical overviews of the state of political science. Each volume focuses on a particular part of the discipline, with volumes on Public Policy, Political Theory, Political Economy, Contextual Political Analysis, Comparative Politics, International Relations, Law and Politics, Political Behavior, Political Institutions, and Political Methodology. The project as a whole is under the General Editorship of Robert E. Goodin, with each volume being edited by a distinguished international group of specialists in their respective fields. The books set out not just to report on the discipline, but to shape it. The series will be an indispensable point of reference for anyone working in political science and adjacent disciplines. Long recognized as one of the main branches of political science, political theory has in recent years burgeoned in many different directions. Close textual analysis of historical texts sits alongside more analytical work on the nature and normative grounds of political values. Continental and post-modern influences jostle with ones from economics, history, sociology, and the law. Feminist concerns with embodiment make us look at old problems in new ways, and challenges of new technologies open whole new vistas for political theory. This Handbook provides comprehensive and critical coverage of the lively and contested field of political theory, and will help set the agenda for the field for years to come. Forty-five chapters by distinguished political theorists look at the state of the field, where it has been in the recent past, and where it is likely to go in future. They examine political theory's edges as well as its core, the globalizing context of the field, and the challenges presented by social, economic, and technological changes.

Oxford出了一系列吧，就翻了翻过这本，觉得一般。不过danielle bell对于儒家文化的理解，很让我吃惊，难怪他对中国的看法看得我那么舒服，除去裴易理之外，第二大舒服的啦。——高田早苗4F

翻了最有兴趣的几个章节，作为手册or教科书，怎么能这么完全不在点上。介绍的都是原作者的糟粕部分。。。。
