著者:Lancaster, Brian L.

出版者:Palgrave Macmillan

出版时间:2004-9

装帧:Pap

isbn:9780333912768

Consciousness, and the relation between mind and brain, is a topic of contentious debate, and increasing interest amongst both academics and students of psychology. In this text, Lancaster takes a refreshingly balanced look at consciousness, bringing in approaches from neuroscience, cognitive science, depth psychology, philosophy and mysticism. With a distinctive 'transpersonal' orientation, this text will be an invaluable authoritative overview of this subject, integrating scholarship and research from diverse areas.
