This is a most interesting book that combines psychology with homeopathy. Philip

Bailey describes in depth the personality profiles of some 35 polychrests. The last pages of the book cover a mix of psychological astrology and homeopathy when he explores the elements and some polychrests. Bailey provides detailed information on 35 major types, giving insight on diagnosis, mental and emotional traits, and physical characteristics. His broad profiles of major constitutional remedies give the reader a good overall picture of the personality type and therefore ways of remembering facts about the archetype, by having a unifying theory for each remedy.
