出版者:W H Freeman & Co

出版时间:2004-10

装帧:HRD

isbn:9780716701101

An acclaimed text offering a systematic and accessible presentation of the theoretical foundations of higher mental processes. Addressing both the information processing and the cognitive neuroscience approaches to the field, the book clearly demonstrates knowledge representation as the central issue around which cognitive psychology is organized. The new edition has been thoroughly updated throughout.
