著者:Mccullough, Laura (EDT)/ Hsu, Leonardo (EDT)/ Heron, Paula (EDT)

出版者:Springer Verlag

出版时间:2007-2

装帧:Pap

isbn:9780735403833

In this title, all papers were peer reviewed. The 2006 Physics Education Research Conference brought together researchers studying a wide variety of topics in physics education including transfer of knowledge, learning in upper level physics courses,

pre-service education, and cross-disciplinary learning. The theme of this conference was 'Discipline-Based Education Research in Other STEM Disciplines'.
