著者:Judith Lewis Herman

出版者:Harvard University Press

出版时间:2000-5-5

装帧:Paperback

isbn:9780674002708

Through an intensive clinical study of 40 incest victims and numerous interviews with professionals in mental health, child protection and law enforcement, Judith Herman develops a composite picture of the incestuous family. In a new afterword, the author offers a thorough overview of the knowledge that has developed about incest and other forms of sexual abuse since this book was first published. Reviewing the extensive research literature that demonstrates the validity of incest survivors' sometimes repressed and recovered memoirs, she convincingly challenges the rhetoric and methods of the backlash movement against incest survivors, and the concerted attempt to deny the events they find the courage to describe.

只看了前两章 就觉得是很普通的科普 一章讲数据一章讲incest受的伤害影响深远
信息量太低了
