The modern world has witnessed a dramatic breakthrough of the dark, negative forces of human nature. The "old ethic," which pursued an illusory perfection by repressing the dark side, has lost its power to deal with contemporary problems. Erich Neumann was convinced that the deadliest peril now confronting humanity lay in the "scapegoat" psychology associated with the old ethic. We are in the grip of this psychology when we project our own dark shadow onto an individual or group identified as our "enemy," failing to see it in ourselves. The only effective alternative to this dangerous shadow projection is shadow recognition, acknowledgement, and integration into the totality of the self. Wholeness, not perfection, is the goal of the new ethic.

对人类的心理剖析，在深度和更高立意方面，有很不错的论述与思考，借此，我也纠正了对“new ethic”的认识。
