出版时间:2008-1-3

装帧:Hardcover

isbn:9780471706496

In this comprehensive overview, readers will gain a better understanding of the various theories, perspectives, and research that characterize contemporary themes in child development. The book uses a contextual approach to examine the biological, cognitive, social, and emotional foundations of child development. Special attention is paid throughout to the contexts in which development occurs, including families and the larger culture, and how these intersect with our changing society.

评论

顺序有点非主流，其他倒还好。Ps:电子版死活找不到，给它跪下了

Textbook for Developmental Psychology, a great science concerning the limitation of human beings without any unnecessary connotations attached.
