The ultimate wedding survival guide for the bride AND the groom...

His and her wit, wisdom--and warnings--from a successful husband-wife writing team.

Clergy vs. Justice of the Peace...band vs. DJ...sitdown vs. buffet... expensive vs. really, really expensive. They say love conquers all, but can it handle this? Don't panic--it is possible to plan a wedding together without getting crazed over the conflicts. After all, nowadays marriage is a 50/50 proposition, and the same goes for the wedding. So learn how to make compromises, master the art of diplomacy, and find out what the opposite sex really thinks about...

bridal showers and bachelor parties

the guest list

power struggles

religious issues

seating arrangements

the invitations

stage fright

budgets

gift return

pleasing everyone

honeymoon plans

and more

With short, alternating chapters that bring you both "his" and "her" point of view, you'll find the kind of wise, witty advice and emotional support you'll need to walk down the aisle with a smile.
