著者:Stephanie Mansourian

出版者:Springer

出版时间:2005-8-12

装帧:Hardcover

isbn:9780387255255

This book, published in cooperation with WWF International, integrates the restoration of forest functions into landscape conservation plans. The contents represent the collective body of knowledge and experience of WWF and its many partners - collected here for the first time. This guide will serve as a first stop for practitioners and researchers in many organizations and regions, and as a key reference on the subject.
