出版时间:2007-12

装帧:HRD

isbn:9780834207509

This revised, expanded edition addresses the increased interest in and demand for information about the nursing care of premature, technology-dependent infants once

they are at home. In addition to clinical practice and research updates it includes care plans, assessment forms, sample care maps, and other hands-on materials which make it a valuable tool as well as a textbook.
