著者:Foelix, Rainer F.

出版者:Oxford Univ Pr

出版时间:1996-9

装帧:Pap

isbn:9780195095944

An updated translation by the author of the second German-language edition from Thieme Verlag, published under licence agreement with that publisher under dual imprint. This is the definitive text on all aspects of spider biology. The author places greater emphasis on ecology and systematics in this edition, in response to the only criticisms made of the first edition.
