In these days of ever-increasing specialization, it is important to gain a broad appreciation of science. Entertaining and informative, "Scientifically Speaking: A Dictionary of Quotations, Second Edition" contains the words and wisdom of several hundred scientists, writers, philosophers, poets, and academics. The largest compilation of published science quotations available, the book presents quotations that give depth and breadth to science, and provides the visions and styles of scientists past and present. The bibliography is useful if you want more details about the quotations listed. The extensive author and subject indexes provide the perfect tool for locating quotations for practical use or pleasure. This book can be read for

entertainment or used as a handy reference.
