著者:Sturm, Terry W.

出版者:McGraw-Hill College

出版时间:2001-2

装帧:HRD

isbn:9780070624450

This book is intended for advanced undergraduates and first-year graduate students in the general fields of water resources and environmental engineering. It offers a selective presentation of some of the most common problems encountered by practicing engineers with the inclusion of recent research advances and personal computer applications.
