

# Geostatistical Reservoir Modeling

[Geostatistical Reservoir Modeling\\_ 下载链接1](#)

著者:Deutsch, Clayton V.

出版者:Oxford Univ Pr

出版时间:2002-3

装帧:HRD

isbn:9780195138061

This book brings the practice of petroleum geostatistics into a coherent framework, focusing on tools, techniques, examples, and guidance. It will emphasize interaction between geophysicists, geologists, and engineers. Intended as a reference text for practitioners, the book will also be appropriate for "short courses" and advanced undergraduate or graduate courses in reservoir characterization.
