出版时间:2007-4-1

装帧:Paperback

isbn:9780831133375

A basic introduction to Mathematical Modeling, this book encourages readers to participate in the investigation of a wide variety of modeling examples. These are carefully paced so that readers can identify and develop the skills which are required for successful modeling. The examples also promote an appreciation of the enormous range of problems to which mathematical modeling skills can be usefully applied.
