著者:Schmidt, Lars

出版者:Springer Verlag

出版时间:

装帧:HRD

isbn:9783540490289

The book deals with all practical issues in connection with practical tree seed procurement and supply in tropical countries, with necessary background information and documentation of applied methods. It starts with seed collection and follows the processes of the standard fates of seeds. The text covers simple hands-on methods and more advanced methods. A synthesis and discussion of recent findings in seed research is given.
