

# Differential Equations with Boundary Value Problems

[Differential Equations with Boundary Value Problems\\_ 下载链接1](#)

著者:Polking, John C./ Boggess, Albert/ Arnold, David

出版者:Prentice Hall

出版时间:2005-7

装帧:HRD

isbn:9780131862364

Combining traditional material with a modern systems approach, this handbook provides a thorough introduction to differential equations, tempering its classic "pure

math" approach with more practical applied aspects. Features up-to-date coverage of key topics such as first order equations, matrix algebra, systems, and phase plane portraits. Illustrates complex concepts through extensive detailed figures. Focuses on interpreting and solving problems through optional technology projects. For anyone interested in learning more about differential equations.

补标，可以算是大学以来看得最仔细的一本教材之一吧，惭愧...
