The Fourth Edition of this internationally bestseller details the quick and easy way to master the basics of project management. Using a lively, conversational style, project management gurus Mickey Rosenau and Gregory Githens equip readers with fundamental principles and "tested-in-the-trenches" techniques for managing projects in any type of organization. They arm readers with easy-to-use tools for resolving any technical, mechanical, or personnel problem that may arise over the course of a project and break project management down into twenty-two chronological steps. Extensively revised and updated, this Fourth Edition examines the role of integration in project planning, risk-and-issues management, virtual teams, new theories, project management offices, and more! Successful Project Management, Fourth Edition is an ideal primer for students and an indispensable quick reference for experienced professionals.
