The revised field companion for construction, recreation department, and landscape professionals

Put it in your pocket and go!

For the busy professional working on-site--this updated, handy pocket reference puts all the formulas and calculations you need at your fingertips. Now with a convenient, lay-flat comb binding, this book is invaluable for all areas of general site construction. It gives you fast access to the information you want--when you want it--complete with real-world examples.

This revised Second Edition features a new chapter on sports fields that includes descriptions and schematics for more than forty different fields. It also provides the latest information on:

Earthworks and materials

Drainage, sewers, and irrigation

Grassing, landscaping, and ground covers

Temperature, area, and time measurement

Units of weight and measure

Map and surveyor information

Worldwide weather data

Metric conversions

And more
