出版者:Oxford Univ Pr

出版时间:2005-11

装帧:Pap

isbn:9780195420906

This book is designed as a primary text for teaching environmental impact assessment (EIA). The focus is procedural training in EIA, with an emphasis on good principles and practices of EIA. It provides extensive case studies, most of which are Canadian, but some of which are American, European and Australian. The approach is interdisciplinary, and provides a balanced discussion of physical and human environments.
