A is for Algebra - and that's the grade you'll pull when you use Bob Miller's simple guide to the math course that every college-bound kid must take. With eight books and more than 30 years of hard-core classroom experience, Bob Miller is the frustrated student's best friend. He breaks down the complexities of every problem into easy-to-understand pieces that any math-phobe can understand - and this fully updated second edition of "Bob Miller's Algebra for the Clueless" covers everything you need to know to excel in Algebra I and II.
