

Handbook of Industrial Catalysts

Fundamental and Applied Catalysis

Handbook of Industrial Catalysis

[Handbook of Industrial Catalysts 下载链接1](#)

著者:Lloyd, Lawrie

出版者:Springer Verlag

出版时间:2010-11

装帧:HRD

isbn:9780387246826

Much has been written about fundamental aspects of catalysis, yet despite their universal applications details concerning commercial catalysts and information about actual operating conditions are not readily available. This book provides up-to-date reviews and references to guide those working on industrial catalysts. It will be an invaluable guide for catalysis researchers in industry and academia, and for students.
