The Art of Agriculture is the first English edition of Obra de Agricultura by Gabriel Alonso de Herrera, an agriculture instruction manual originally written in Granada, Spain, in 1513 and published there in 1539. Herrera, widely considered the Father of

Modern Spanish Agriculture, wrote this treatise nearly five centuries ago, thoughtfully recounting traditional farming techniques of the Moors before their expulsion from Spain, the Spanish colonizers in the early 1600s, and the rural Indo-Hispano bioregion spanning northern New Mexico and southern Colorado.
