If you like to tweak, disassemble, recreate, and invent cool new uses for technology,

you'll love MAKE, our project-based quarterly for the inquisitive do-it-yourselfer.

Volume 11: Includes a special "DIY Wheels" section, with plans for making a mobile drive-in movie theater, a cool chopper out of an old bicycle, and a pedal powered iPod charger. We'll also show you how to make a remote control bird feeder to take amazing photos of birds, a vintage-style remote control race car out of sheet-metal, and a vacuum-former that lets you create molded 3D parts out of plastic. These articles are just the tip of the iceberg in this project-packed volume of MAKE.
