

The Physical Basis of The Direction of Time

[The Physical Basis of The Direction of Time_ 下载链接1](#)

著者:H. Dieter Zeh

出版者:Springer

出版时间:2007-4-18

装帧:Hardcover

isbn:9783540680000

This thoroughly revised 5th edition of Zeh's classic text investigates irreversible phenomena and their foundation in classical, quantum and cosmological settings. It includes new sections on the meaning of probabilities in a cosmological context, irreversible aspects of quantum computers, and various consequences of the expansion of the Universe. In particular, the book offers an analysis of the physical concept of time.
