著者:Rongala, Sunil

出版者:World Scientific Pub Co Inc

出版时间:

装帧:HRD

isbn:9789812705730

This is one of the few books written on policy issues in Asian economies. It covers contemporary international economic issues that are easily accessible to non-economists. It can also be read by students of applied economics, public policy and international affairs, and international commerce courses. Policy-makers, practitioners and interested observers will also benefit from this book.
