著者:Marvin L. Bittinger

出版者:Addison Wesley

出版时间:2005-10-28

装帧:Hardcover

isbn:9780321279354

Based on the best-selling *Calculus and Its Applications* by Marv Bittinger, this new text is appropriate for a two-semester calculus course for life science majors. With four new chapters and two new co-authors, *Calculus for the Life Sciences* continues the

Bittinger reputation as one of the most student-oriented and clearly written Applied Calculus texts available. The exercises and examples have been substantially updated to include additional relevant life science applications and current topics.
