出版者:Routledge

出版时间:2005-11

装帧:Pap

isbn:9780415356435

The second edition of Instant Notes in Plant Biology, has been both updated and

reorganized and gives an insight into the whole of plant science, integrating structure, function and physiology. A major addition is the section on understanding plants which introduces the major techniques in plant science and shows how advances are made. Molecular techniques are used in all areas of plant science and are included throughout.
