著者:Cloudsley-Thompson, J. L.

出版者:Springer Verlag

出版时间:

装帧:HRD

isbn:9783540224211

This richly illustrated book clothes the skeletons of dinosaurs and other Mesozoic reptiles with flesh, and shows how these fascinating animals evolved and probably lived. Expert author John L. Cloudsley-Thompson synthesizes current views on ecology, physiology and behaviour, and outlines the various hypotheses that have been proposed to explain their extinction. Numerous beautiful drawings of the animals and their environment illustrate this exciting monograph.
