装帧:Pap

isbn:9780801860522

From the age of railroads through the building of the first battleships, from the first skyscrapers to the dawning of the age of the automobile, steelmakers proved central to American industry, building, and transportation. In *A Nation of Steel* Thomas Misa explores the complex interactions between steelmaking and the rise of the industries that have characterized modern America. *A Nation of Steel* offers a detailed and fascinating look at an industry that has had a profound impact on American life.

作者介绍:

Thomas J. Misa is at the University of Minnesota, where he directs the Charles Babbage Institute Center for the History of Information Technology, teaches in the graduate program for the History of Science, Technology and Medicine, and is a faculty member in the department of Electrical and Computer Engineering.

评论

指明了一种科技史的书写方法 真的是字字珠玑 跳几行都觉得对不起作者的苦心 然而要不是为了备课 我恐怕也是没有耐心这样啃的 啃完了觉着很香 自然要给满分
