

Introductory Plant Biology

[Introductory Plant Biology 下载链接1](#)

著者:Stern, Kingsley R.

出版者:McGraw-Hill College

出版时间:2005-4

装帧:HRD

isbn:9780073101750

This introductory text assumes little prior scientific knowledge on the part of the student. It includes sufficient information for some shorter introductory botany courses open to both majors and nonmajors, and is arranged so that certain sections

can be omitted without disrupting the overall continuity of the course. Stern emphasizes current interests while presenting basic botanical principles.
