著者:Worthington, David

出版者:Routledge

出版时间:2002-12

装帧:HRD

isbn:9780415267243

Coming from the people who brought you Clay's Handbook of Environmental Health, the Dictionary of Environmental Health will provide a one stop reference to over 3,000 common, and not so common terms, concepts, abbreviations, acronyms and a wealth of supporting data no longer found in most reference books. Suitable for all environmental and public health students and practitioners, the Dictionary of Environmental Health is an essential desktop tool for navigating the huge range of topics for which knowledge is required in today's management of environmental and public health.
