Specifically designed to meet the needs of high school students, REA's High School Algebra Tutor presents hundreds of solved problems with step-by-step and detailed solutions. Almost any imaginable problem that might be assigned for homework or given on an exam is covered. Starting with topics under algebraic laws, the book includes linear and quadratic equations, inequalities, logs and exponentials, and extensively illustrated applications to area/perimeters, motion, mixtures/fluid flow, numbers/digits/coins, age, work, proportions, variations, and costs. Fully indexed for locating specific problems rapidly.
