isbn:9780789024404

The Changing Landscape for Electronic Resources focuses on different aspects of

electronic resources for libraries, including resource-sharing initiatives, licensing issues, open source software, standards, and scholarly publishing. This important resource will help avoid many of the potential pitfalls of managing electronic content in the evolving modern library. This title will assist in exploring technical, resource and legal sharing developments that are contributing to the distribution of global information in libraries.
