出版时间:2002-3

装帧:Pap

isbn:9780312263133

Richard Selzer selects from his own classic essays, culled from three decades of writing. Published along with his favorites are five new essays, including "Phantom Vision" and "Braindeath," and an introduction detailing the making of this virtuoso doctor/writer. Compassionate, moving and perversely funny, Richard Selzer's essays intimately connect us with profound questions of life and death.
