著者:Gerald Karp

出版者:Wiley

出版时间:2007-2-1

装帧:HRD

isbn:9780470042175

Product Description

Karp continues to help biologists make important connections between key concepts and experimentation. The sixth edition explores core concepts in considerable depth and presents experimental detail when it helps to explain and reinforce the concepts.

The majority of discussions have been modified to reflect the latest changes in the field. The book also builds on its strong illustration program by opening each chapter with “VIP” art that serves as a visual summary for the chapter. Over 60 new micrographs and computer-derived images have been added to enhance the material. Biologists benefit from these changes as they build their skills in making the connection.

Product Details

Hardcover: 832 pages

Publisher: Wiley; 6 edition (October 19, 2009)

Language: English

ISBN-10: 0470483377

ISBN-13: 978-0470483374

Product Dimensions: 10.9 x 9.4 x 1.2 inches

Shipping Weight: 4.4 pounds
