著者:Sims, Brenda R.

出版者:Houghton Mifflin College Div

出版时间:2002-9

装帧:Pap

isbn:9780618221738

Sims' Technical Communication for Readers and Writers, Second Edition, guides students in planning, writing, and designing effective documents to meet the needs of users and readers. Thoroughly revised, expanded, and redesigned in full color, this edition gives students the tools they need to create appropriate technical documents for a multitude of writing situations and audiences. The text takes a process approach

rather than the model-based approach of older tech writing texts.
